WHO WE ARE

ION Facility Services has served communities across North America since 2008, starting as a grassroots maintenance and janitorial service provider to academic, healthcare, commercial and industrial properties. ION continues to grow under its original ownership.

PASSION

IONFS currently services over 2,000 properties across North America, keeping a recurring customer base with annualized revenue exceeding \$16 million and operates with zero debt. We work with some of the most prestigious organizations, universities and businesses coast to coast.

VISION

At ION Facility Services, our mission is to provide exceptional facility and janitorial services that ensure efficient, safe and well-maintained environments for our clients. We are committed to excellence, sustainability, and innovation, delivering consistent quality and exceeding customer expectations with every service we provide.

OUR SERVICES

Our tailored solutions and wide-ranging service offerings mean efficiencies and impressive savings for our clients.

WHY CHOOSE IONFS

Our dedication to operational excellence has earned us a reputation as a trusted FS partner for commercial, industrial and institutional facilities.

Innovation

We embrace new technologies and sustainable practices to continuously improve services and client experiences. Ask about our custom work order management app, SMART FS.

Teamwork

We value our employees and foster a collaborative, inclusive work environment where every team member and vendor partner thrives. This contributes to our success, and yours.

Safety

We prioritize health and safety at every job site, adhering to rigorous safety standards and practices. This protects employees from hazards and ensures clients enjoy a consistently clean and safe environment.
